G. DAVIES SHERBORN
DONAVIT.

Royal Observatory

1867 May 7

Sir

I am much obliged by a sight of the Account of Workhouses &c, which I now return.

It is a book possessing little pecuniary value, I suppose, but of great value as a book of reference in various historical questions. If there is no copy of it in the British Museum, I hope that this copy may at some time go there. I am, Sir,

Your obedient servant

G. B. Airy
