Dear Sharpe,

I have believe you still have the vol. on birds of my Smith's "Zool. of S. Africa". If so I should be glad to get it back as I want to dispose of the whole work – it is not one that I often want & will fetch a nice little sum which I want much more! Now you are at the museum you won't need it so much. If you w^d kindly bring it to the Mus. I c^d get it the first time I am there. In haste

Yours faithfully

Dear Sharpe,

I believe I left a small pocket-knife (two blades) at your shop yesterday. If it has been found, will you be so good as to bring it to the Zoo. Meeting on Tuesday, as it is rather a pet.

Yours sincerely
