Dear Dr Wood,

Many thanks for "The McGill News" containing Mrs Mackenzie's interesting letter. We have a hospital at Harrington, but very little work for the doctor in charge. Mrs Mackenzie will be more useful as a teacher at Harrington.

Have you heard of the Labrador Littoral, won last year from the Quebec Government? It has 120. 000 Sq. Miles. The matter has been in litigation for 300 years. The survey made by the Newfoundland Gov. of the Labrador Littoral was recently completed. The vast forests of spruce, birch, fir poplar & pine, whose greatest concentration is in the basin of the

Hamilton River & its tributaries, should prove a boon to the Newfoundland Government — Labrador & Newfoundland are under one Government.

In the same mail with the Macfie News came a letter from Dr Edward Jackson. He expects to be here for a few days, from April 6th. He will be at the Hotel Cosmopolis, here. He expects to spend a few days at the St Francis Hotel, San Francisco, before coming here.

I enclose a copy of Cressy's History of California & a nonsense sketch of Mutt & Jeff at Chicago.

Do you expect to come to S.B. before I leave for Labrador in May?

My kindest regards to Mrs Wood.

Sincerely
Joseph Ch. Anderson
