Ridgway Collection

VOGUE
11·13·15 EAST 24TH STREET · NEW YORK

Dear Dr. Ridgeway:-

To date I have received the first four volumes of Bulletin #50 (Birds of North and Middle America and Galapagos Archipelago). Will you kindly advise me when the fifth volume will be ready for distribution?

My post office address was Bivalve, Princess Anne County, Virginia at the time when you personally put me on the list to receive these books. Since then my post office address has been changed to Lynnhaven, Princess Anne County, Virginia and I am now temporarily living in New York. Will you kindly write me at 610 West 135th Street and let me know when the fifth volume will be ready for distribution and I will advise disposition.

Thanking you for your kind attention, I remain,

Very truly yours,

Wm Stuart Archibald

February 8, 1909.
