Dear R. Sharpe,

I should be much obliged if you could kindly let me have your contributions to Donaldson Smith's book by Wednesday morning at latest, in order that we may despatch the M.S to America by that day's mail.

Please note the urgency of this.

Very truly yrs,
Edward Arnold

Dear Dr Bowdler Sharpe,

Many thanks for your M.S.S. I am appalled by their length, but have sent them over to Donaldson Smith, as I want to keep clear of having to decide that difficulty!
His Appendices altogether amount to over 200 pages of print, whereas my arrangement limits him to 100.
How he will settle the difficulty, I can't conceive: but the responsibility is his alone.

Yes truly
Edward Arnold
