C/o The Hon. Secretary,
British Ornithologists' Union,
Chief Police Office,
West India Dock, E. 14.

Dear Sir,

I am writing because I think you will be pleased to hear that your generosity in presenting The Ibis to the Institute for the last two years has resulted in the publication being placed once more on our regular subscription list, and that also an attempt is being made to get a certain number, for the present, of the missing volumes.

Speaking as Curator, and also as one interested in our birds, I should like to express my own thanks for your generous gift, which has had a result that we all desired.

With kind regards,

Yours sincerely,

Gilbert Archey.
