My dear Doctor Ridgeway:

This morning I have Part VIII of Bulletin No. 50 of the U. S. National Museum on the Birds of North America. Many thanks for receipt of this bulletin which I shall go thru with a great deal of interest.

The College is just publishing a popular bulletin on phases of bird life in the Palisades Interstate Park on the lower Hudson. I will be glad to see that you receive this bulletin when published.

Very truly yours,

HUGH P. BAKER

Dean.
