Dear Sir,

I have left town for the present and your note was forwarded to me here. They tell me that a box has been delivered for me which I presume is the one you kindly sent. I shall be in town probably on Monday

next the 12th and should
like to see you if possible that
day or the following day.

Would I be likely to find
you if I were to call at
Hanover Square?

Yours very truly

R. Beavan.
