Dear Sir:

Please fill out enclosed blank and return same to me at your earliest convenience. I think I may venture to ask your kindness in procuring for me a copy of the picture of Prof. Baird that accompanied your latest work on "Birds" In each of the three obituary Sketches that I made of Prof. Baird I got you in

and so hope as I am collecting scientific portraits that you will be pleased to procure me for me. In my last notice in the forthcoming Annual cyclopaedia for 1887 my notice is illustrated by a very pretty process etching by Reich which taken from the same photograph used by the Sci. Am. is not altogether satisfactory but still is a pretty fine picture

Respectfully yours

Marcus Benjamin
