NEW YORK, Jan 31 188 6.

Dear Mr. Ridgway

We are happy to know you have a second consignment of birds ready to forward us in exchange for those we have already sent - Please forward them at your earliest convenience

We would be glad to purchase some of your birds but have no means available at the moment for that purpose - We shall be happy to see you when you are passing through New York - Very truly yours

Dear Mr. Ridgeway

We are happy to hear you the first instalment of birds ready to send us for those you have already received — Please send them at once and also those from New Caledonia mentioned in your letter which will be likewise very acceptable —

Very truly yours

Professor Baird would like to undertake this work some time after August 1st — perhaps in Sept. when the A.O.U. meets in N.Y.

AMERICAN MUSEUM OF NATURAL HISTORY,
CENTRAL PARK (77th St. & 8th Ave.)
NEW YORK, April 29nd 188[illegible]

I would like to undertake this work some time after August 1st — The examination of Mexicans will be of great benefit to me in determining on South American birds. R.R.

Dear Mr. Ridgway

We would like your able assistance in identifying our collection of South American Birds as we talked over, when you were here last. Would we pay you $200 per writing the names of each specimen on a label, which we will provide, which you will place on the bottom of the stand — you to take your own time to do the work and we to pay as soon as it is completed —

When will it be convenient for you to come — Of course you will tell Professor Baird of the whole matter, as we would like his approval of your doing this work for us —

I am planning to come on to Washington to be present at the meeting of the Ornithologists Association the middle of next month.

Very truly yours

Albert S. Bickmore

New York, Nov 21 1884.

Dear Mr. Ridgway

It will be very agreeable to me for you to come as you suggest on Dec 15th and begin naming the Neotropical collection.

We will therefore anticipate the pleasure of having you with us at that time.

Very truly yours
Albert S. Bickmore
