Casey A. Wood Collection

GOVT. S.S. "TUTANEKAI,"

Auckland June 4th, 1924

Miss Cora Raymond.

Dear Miss.

Your letter and enclosure reached me a few days ago. I have to thank you for sending me the paper.

Would you please convey to Dr. Casey Wood my thanks for his kindness in including me - a sailor collector - among those of his acquaintances worthy of being considered interested in his account of his wanderings and researches.

The portion relating to Dr. F. gave me much pleasure to read.

I am glad to have the letter and will retain it for my own use and reference.

Very Sincerely yours.

[Capt.] John Bollons
