7 West Madison Street,
Chicago, Illinois.

Dear Dr. Wood:

I note a very interesting statement by you in the SAN DIEGO UNION of December 20, 1922. I wish you might find time to offer a similar article for use in CALIFORNIA FISH AND GAME, the quarterly publication of the Fish and Game Commission.

Let me again express appreciation of your kindness in forwarding to me a carbon copy of the interesting letters written while you were in the tropics. I greatly enjoyed these letters and passed them on to other friends, so that they did double duty.

Yours very truly,

H. C. Bryant
