Dear Doctor Wood:

I have just returned from a most pleasant trip in Sonora with Mr. Moore and find the foot print which you were influential in having sent to our department. I am writing Captain Phillips thanking him for the specimen and also wish to thank you for thinking of us when you find something of interest.

I hope that you and Mrs. Wood are enjoying the best of health on your trip and you may be assured that we will all be glad to see you when you return to Pasadena.

Very sincerely yours,

W H Burt

P. S. Mr. Harris asked me to say that after his last letter was sent to you he received the book by Spittel and would acknowledge this in his next letter to you.

Dear Captain Phillips:

Through the interest of Doctor Casey Wood we recently received a most interesting specimen which Doctor Wood tells me was presented by yourself and I wish to take this opportunity in behalf of the department here to extend my thanks to you.

Doctor Wood tells me that you are about to publish a monograph on the Mammals of Ceylon. I shall be interested in this report when it appears.

Thanking you again, I am

Sincerely yours,

W. H. Burt.
