BLACKER

George Busk
great authority on Polyzoa

32, HARLEY STREET, W.

July 14 1881

My dear Sir

I don't remember having seen Mr Harris's collection of chalk Polyzoa, though with a faint recollection of his writing to me about it.

I am much obliged to you for your offer but have long since abandoned the idea of undertaking the subject of this study.

Am yours very truly
Geo Busk
