Mr Casey A. Wood M.D. M.B.O.U. etc Chicago

Dear Sir

I have just received the reprints of your papers on the Heterochrosis in the Crimson-Breasted Parrot - The Glossy Cowbird - Cayenne or Rice Bird & a letter from T.M. Brewer, which I have read with much interest. It was very kind of you to send them.

By next mail from Australia (or soon after) I expect to receive reprints of a paper of mine in the "Emu", on the "Birds of Broome Hill and S. West Australia", and will post a copy to you.

With many thanks

Yours truly
Tom Carter

Dear Dr Sharpe

You will probably recollect me, and the collection of eggs from N.W. Cape the Museum purchased from me three years ago. I think you then said that the Museum would be glad to purchase authenticated clutches of birds' eggs from the South West part of this colony. I have now got fairly settled on my new estate and have several clutches of eggs of the species as per enclosed list, and could make up a parcel of about 100 eggs if it will be worth my while to send them. Will you please let me know, as I can forward by a friend leaving here by last week in March if the Museum would like them. All side blown. One note. I trust your trip to the West Indies recuperated your health and that you obtained some good Photos and Specimens. I saw the picture of the marine animal you snapped on the voyage, in one of the Illustrated papers. With kind regards and best wishes for the New Year I am Yours very truly
Tom Carter

I am collecting birds eggs now, and have a good many duplicates and could exchange if you would like them. Have one or two for exchange. Can you kindly let me know if the Museum would like a box of mammals skins?

Dear D. Sharpe

I have just finished cataloging and packing the collection of Auck. eggs and unless I hear from you to the contrary by Thursday the 30 will forward the case to "The Director" Nat. Hist. Mus. S. Kensington If that is not in order please let me know by return. There are over 600 eggs 116 species, will send full list later. With kind regards

Yours truly
Tom Carter

Will send skins of Iceland redwing and Nat. arrivals in case with eggs

Dear Dr Sharpe

I have heard nothing more respecting the collection of West Australian eggs I sent to the South Kensington Museum in July 1907, and as I shall be returning to W. Australia in a few days, I shall be glad to learn whether the Museum authorities have decided to purchase the eggs or not.

With my kindest regards

Yours very truly
Thomas Carter
