Dear Miss Knobel

I shall be delighted to show you & Dr Casey Wood my Owls on Friday Sept 5th only do not let him expect too much, mine are only small places & my numbers are small too.

I have not met Dr Wood though of course I know his name well enough.

I hope you will have fine weather for your tour of inspection. Shall you have a look at the Ewhurst aviaries? They are quite worth a visit.

It will be very pleasant to see you & have a chat about bird matters

Yours very sincerely

A little memento of the New Forest & of a pleasant acquaintanceship made there. Also thanks for the kind thought which prompted the sending of the amusing "Jodie" whose box conveys this greeting & good wishes to you both from
