S. v. CHRISTIERSON, M. D.
FITZHUGH BUILDING
SAN FRANCISCO

May 29, 1930

Dr. Casey A. Wood
Stanford University, Calif.

My dear Dr. Wood:

At the suggestion of Dr. Edward Glaser and Dr. Casper Pischel especially, I am taking the liberty of writing you requesting a favor. I happen to be Chairman of the Eye, Ear, Nose and Throat Section of the County Medical Society of San Francisco and the other day your name was brought up in connection with work that you have done in relation to the eye and someone asked if it would not be possible to have you come up and speak before the County Medical Society at its meeting in August of this year. I said that I would write to you and ask whether you would consent to give us some of your time for this purpose and that is the reason for this letter.

We should like you to take up the whole period of the meeting, which would be an hour or more at your pleasure. The subject that you would discuss we shall leave entirely to you. The date is Tuesday, August 26th and the time is eight-fifteen, p.m.

Please let me know if you could possibly arrange to give us the pleasure of hearing you speak about some of your work.

Very truly yours,

S. v. Christierson.

DR. CASEY WOOD,
AUTHOR'S CLUB,
LONDON. S. W. 1.
ENGLAND.

My dear Dr. Christierson: —

In reply to your very ~~courteous~~ kind invitation of May 29th — just received — to address the Eye, Ear, Nose & Throat Section, of San Francisco of which you are Chairman, of the County Medical Society, nothing would give me greater pleasure, but I expect to be abroad for the coming year, I am for the present engaged in a research at the British Museum on which I have been working for ~~several years~~ a long time. Please accept my renewed recognition of your courtesy and I remain, Cordially Yours

Casey A. Wood
