Dear Rev Jones, very many
thanks for your kind
letter wh. has followed me
to Scotland – where I am
seeking rest. The lines you
quote I know well – but
it cheers & strengthens a
preacher who feels bound
to utter his independent

thoughts, without calculating
on the acceptance or otherwise
they may find — to meet
with such true sympathy
from a man whose
sympathy is so worth
having as yours.

I am very
glad you were satisfied
with our arrangements —
we were very anxious
that the scientific members
of the Association especially should find
