CHICAGO

March 4th, 1927.

OFFICE OF
THE DIRECTOR

Casey A. Wood Collection

Dr. Casey A. Wood,
Author's Club,
London, S.W.1, England.

Dear Doctor Wood:

Your letter of January 30th, addressed to Dr. Osgood, has been received. Dr. Osgood is absent on an expedition for the Museum in Abyssinia, accompanied by A. M. Bailey, of the Department of Zoology, Louis Fuertes, whom no doubt you know, and Sydam Cutting of New York. They sailed from New York the beginning of September last. The expedition is under the auspices of the Museum and the Chicago Daily News. Advices are that they have been very successful in obtaining mammals and especially birds.

Zimmer's catalogue has been sent to the British Museum in Kensington and also to the British Museum in Bloomsbury. They were sent through the Bureau of International Exchanges under date of December 22nd. I also find that a copy was sent to McGill University under date of December 16th.

I have pleasure in sending you a copy of this catalogue, which please accept with the compliments of the Institution. In case you need another in connection with your work on the McGill catalogue, I shall be very happy to send you one.

Very sincerely yours,

D. C. Davies.

Director.
