Casey A. Wood Collection

All the spare coloured slides are in the French painters' hands. I will tell you exactly when I return, on the 26th. I leave Madrid for Toulouse & Biarritz in three days.

— What a splendid idea to come over next summer with the Casey-Woods. You will find enclosed suggestions for visiting the most interesting aviaries. I don't suppose they would likely travel here to see only two or three private aviaries & pheasants' pens.

— When I see you in London, I'll give you more details. When shall we have our meeting? May or June? Please tell me as soon as possible so that I arrange to be present.

I am so glad Mr Astley is better. His letters are quite cheerful.

Yours sincerely

J. Delacour

Casey A. Wood Collection

– About your visit with the Casey Woods, please tell them that we shall be delighted if they will come to Clos for a couple of days. If you didn't mind the crossing, I should advise you to come over through Newhaven – Dieppe. You leave London at 10 a.m., steam along the boat, at Dieppe, the train for Rouen, which stop at Clos at 5 p.m. about.

Yours sincerely

J. Delaney

Casey A. Wood Collection
