Mr Ridgway

Dear Sir,

Thank you very much for the special dis. app. — for the advice and information about that Honolulu affair. I was quite in doubt about it.

If nothing interferes I should like very so much to be at the Lutheran in 1900

Yours truly

Mr Ridgway

Dear Sir;

I enclose a letter from Honolulu Mus. I should like to go very much. How much would it do for me to ask?

Confidentially, I am engaged at 100 ~~or~~ 125 monthly at the Field Mus. 4 months hence — I can make the time seven months all right. I have letters from Prof Allen, Thompson Dr Long Mc, & assurances from Elliot speaking as generously

of my work as you did - I guess it will suit Pine allright and Pine

Very confidentially; Pine is a young lady and a handful of rice in it — I hope. You see how it is. Will you please telegraph a reply (at my expense of course).

Now if your answer seems to make it safe from a financial standpoint, I want to complete the whole arrangment with Honolulu within a week otherwise the young lady in question will have gone to her fraction a thousand

The University of Chicago

miles from here and I should no longer care to take the trip. So I should have to make arrangements with them by cablegram. As they know you and do not know me I thought if you would cable to them for me it would be more effective — Is it asking too much?

awaiting your reply

Yours very truly.

Harvey Denslow

P.S. Don't imagine this some hurried engagement — elopment: 'tis more nearly an affair of ten years. H.D.

Dear Mr Ridgway:

Will you please write for me a few lines stating what you think of my bird work: a letter not directed to anyone in particular as I may use it here – or perhaps in Chicago. It will be quite a help to me.

I hope you are well, and that all is going well.

Please remember me to Dr Stegmyer. I hear from your brother occasionally and mostly good news.

Yours very truly
