May 15/33 Air mail to Caltec, returning the 20 pictures.

Twin Oaks Ranch
Gaviota Calif

Dear Mr Wood

Several letters have been commenced and torn up before a double sheet is written — a lawyer, doctor, (sometimes a thief) Davis, Van Nuys, Wiltwyck, the Ranch or what have you, breaks in & my day is ruined — & first can't get

letters written in Pasadena so I'll just say moving to Gaviota. But I shall not wait to send the forty-eight illustrations to the "Book of the Century" until I can write a letter to pence this note.

Work in the Library is going ahead splendidly — every one now busy getting ready to put on our Exhibition for "At Home" day

Burt has worked up a nice "show" for mammology ▽ I am sure Van will take the same for his department Moore has moved in ▽ To-morrow I have a long conference with Mr Allen on book formats ▽ then I must run up to Palo Alto. ▽ Friday Jon Ryder is having his second crop of adenoids out ▽ I hope the operation "takes" this time ▽ He will enjoy the rest of the year on the ranch ▽ I can come down to Pasadena each Thursday ▽ remain till Thursday P.M. ▽ I hope you like the bird pictures ▽ will you return them as soon as possible ▽ as I might want them before I sail June 22nd for Europe ▽

and also one of the nicest and the boy is so happy with her & is learning quite a bit of French.

I am so glad you are to be in Ceylon this I shall miss seeing you in July — however I shall make note of the German hotel and if you don't come to Switzerland I may join you there.

The Kershaw letter is on my desk at home

Jon Ryder, Van (car chauffer on my car papers — why I don't know) & I sail on the Winnipeg June 22 for La Havre & by motor from there to San Sebastian for a visit with my sisters.

Without you in Switzerland I shall put that trip off until later.

Donald has a French governess who is the homliest of women

and I shall return yr. ltr. to you shortly. She sounds like a very interesting person. I shall be anxious to see her second book.

Mrs Craft reminds me that this must be in the P.O. in fifteen minutes or else Dodo the mail - My love to Mrs Hood & Marjorie

Sincerely always
Margaret Mitchell -
