Mrs. Jonathan Dwight,

New York City.

My dear Mrs. Dwight :-

If and when Dr. Dwight's library is sold I would consider it a favour if you will inform the firm having charge of the sale that I will take at the price put on them all the minor ornithological periodicals* for the ornithological library of McGill University. Thus, indirectly, we shall be able to carry out my proposal that some of Dr. Dwight's collections be represented in Canada.

I remain,

Sincerely yours,

* excluding all foreign mags + such major titles as The Auk, Ibis, Bird Lore + Condor
