Dear Sir:

In reply to your inquiry if we will be here in June. Yes and glad to show you our Aviaries.

Incedently you should visit the Feather Hill Ranch at Santa Barbara, The Rancho Sespe just above Filmore, F.A.Rudkin and Richard Stephens at Filmore, The Busch Gardens and The Altadena Aviaries in Pasadena. There are many small places that are interesting. Then Mrs. Dalluge in Santa Monica Canyon. If you get here soon enough we might be able to send a friend of ours around with you that knows most of these people and can act as your conductor.

Hoping to have the pleasure of your company and feel assured that we always will welcome"Bird Nuts",we remain,

Sincerely yours,

J. C Edwards
