Mr. Robert. Ridgway.

Dear Sir:

Some years ago while investigating a subject I was interested in I came across by chance in the art department of the New York Public Library a book which would now be of very valuable service to me here, in an educational course I am taking while a patient in this Hospital.

Recently I wrote to the N.Y.P.L. for further particulars as to the producer and publisher, and any "info" which might enable me to buy a copy in the market. They Returned me the enclosed letter.

AMERICAN RED CROSS

page 2 continued.

Now you may possibly know where there is yet an available copy of this work; and it would be a service which I assure you I will sincerely appreciate if you would put me in touch with anyone who wishes to sell their copy.
I append here a detailed description of the work I have in mind.
It is rather a small thin volumn of about 75-100 pages. Between the page are tissue leaves ~~the~~ pasted on page of a greyish colour in columns of 4 are small narrow oblong coloured cutouts of the different shades & tints of standard colours.

Thanking you for any attention you may give to this matter I am

Yours very truly
