Dr. Casey Albert Wood,

Chicago, Illinois.

My dear Dr. Wood:

I don't ordinarilly acknowledge the receipt of pamphlets or books, but must make an exception for the gorgeous volume I found on my desk just as I am leaving for the summer. I shall take very great pleasure in reading it, and having it reported upon before our Zoological seminar.

Wishing you equal success in your future endeavors, I am

Cordially yours,

C. H. Eigenmann
