July 22nd '21

Dr Casey Wood.

Dear Sir,

I enclose you account for the volumes of The Feathered World and Bird Life. Also the subscription and the Year Books.

The volumes except about 8 will be delivered to Messrs Wheldon & Wesley, also the Year Books next Wednesday and the remainder early ~~next~~ week. I find that during the War we did not get all the volumes bound so we are having these done with all speed and we will send them over to Wheldon. I shall take a receipt from them for the books.

Yours truly,

G. Comyns Lewer

July 15th '21

Dr Casey Wood,

Dear Sir,

We could supply you with a complete set of Canary Life and probably also of The Feathered World. The former stopped publication Aug 7 '14 but the latter has been running 32 years so you will have a god many volumes to take with you as each volume contains 6 months papers. I think I might be able to show you other books on poultry that you ~~might~~ may not have.

Could you call either Tuesday afternoon next about 4 p.m. or between 11 & 12 Friday morning or between 3 and 5 in the afternoon. We could then tell you what the cost of the two lots of volumes would be and also show you other books that might interest you & that you might not have in the Library.

Yours very truly,

G. Comyns Lewer
