Dear Dr. Sharpe,

I sent you a box of bird skins in December 1893 to be identified and sent to Mr. Sheldon 32, Corporation Street, Belfast, to be mounted and as far as I can remember I was working at them with Grant while I was at home in 1894. I shall feel obliged if you will kindly let me know what has become of them.

I got a specimen of
Picumnus innominatus on the hills
here last week. It has hitherto not
been recorded from so far South

Believe me,

Yours Sincerely

Harold S. Ferguson

Dear Dr Sharpe

I sent off a box of bird skins by rail on the 12th
I shall be much obliged if you will kindly identify them and send them to
Mr F. Shealds
32 Corporation St
Belfast
who has instructions to set them up for our Museum
If you will let me know whether there are any you want I shall be glad to get duplicates for you

& to look out for any particular
birds you may want from
this part of Illinois. Please
Remember me to Grant and
I Believe me
yours sincerely
Harold S. Ferguson
