Dear Sir,

I am resigning my billet here having been appointed Superintendent of the Zoological Gardens, Cairo, Egypt. Will you please note the change of address, for sending me "Natural Science".

Yours truly

S. S. Flower.

Dear Dr. Wood,

Very many thanks for the copy of your paper "The Starling Family at Home and Abroad" that you have so kindly sent me, and which I have read with great interest.

We have just settled down here at Spencersgreen, 600 feet up in the Chiltern Hills, overlooking Tring.

Yours sincerely

Stanley S. Flower

Dear Sharpe,

Very many thanks for your letter of Aug. 20th and for your kind congratulations about our little daughter; also very many thanks for identifying those Siamese birds, whose names I wanted to know.

We got back here on the 29th of October after a very nice trip to Singapore, Johore and North Borneo; we had been away just over two months, but the very first morning as soon as I went to the window and called them, my two crows came flying up to be fed; several of my smaller friends though I have not seen yet, and am afraid that I wont, as on the onehand a kestrel has taken up its abode in the compound and on the other the man who I left in charge of the house has a cat, which I do not approve of, as it not only kills the birds but also the jolly little geckoes. We have only two birds (in cages) atpresent, both are drawingroom pets, one a mynah, Ethiopsar grandis., the other a gentle little parrot, a hen bird of I think of Loriculus malayanus.

I find a lot to do in the Museum here, as any arrangement I make one day, may be altered the next day perhaps, by the Curator, and then I have got to do it all over again. Also it is a nuisance not getting paid regularly but having to bother about it time after time, while getting money out of the Siamese for museum expences is almost hopeless, they always promise to pay and when the time comes make excuses or go back on their word.

We are hoping for the N.E. Monsoon to break now, and bring some cooler weather.

With our kindest regards to you all,

I remain yours very sincerely

Stanley S. Flower.

4th October 1896.

My dear Sharpe,

Thankyou so very much for your nice letter of the 29th., and for your very kind wedding present. You must forgive me for not having answered before, but I did not get your letter till after our marriage when we were starting for this place.

With the cheque you have so kindly given us, I will get a powerful magnifying glass, a thing I have been wanting for some time, and which I

will be using constantly, and thinking of you when I do so.

This is our first visit to Paris, and we like it immensely, especially the Jardin d' Acclimitization.

Thanking you again for your very kind wishes, and with our best regards to Mrs. Sharpe and yourself, I remain

yours sincerely

Stanley Flower.
