Mr. Robert Ridgway,
United States National Museum,
Washington, D. C.

Dear Sir:-

I wrote to Little, Brown, & CO. for a copy of your "Nomenclature of colors" &c., but they reply that the work is now out of print. Can you tell me where I may get a copy, or recommend some other work which will serve my purpose,- chiefly that of identifying colors according to their ornithological usage? Thanking you in advance, I remain,-

Very Truly Yours,
Peter Frandsen,
Prof. of Zool.
