Dear Dr Bowdler Sharpe,

My wife is as ill as she can well be, and I have not been able to leave for Town.

Your letter re "Shelley" has been forwarded to me. If we cannot do this (as it seems) what do you propose as the

the first volume of the
New Naturalists' Library?

Please write me, as
I am very worried
about the matter. I
will call as soon as I
can get to Town - I hope
in a day or two.

If you have any
suggestions I will make
a special journey to see
you.

Yours Sincerely

F. W. Bergmann

In great
haste.
