27 April 1932.

Miss L. Gardiner,
82 Victoria Street,
London, S. W. 1, England.

Dear Miss Gardiner:

Miss Lillian Bates has forwarded to me your notes to her of March 22 and 31.

I am sorry that owing to limited leisure in London I had not an opportunity of meeting you during the short time that I was at work in the British Museum. Although I did not have the pleasure of calling on you yet I had some correspondence with Mrs. Lemon and always looked with pleasure through BIRD NOTES AND NEWS.

I thank you for the number that you kindly sent me.

I am doing some work at the California Institute of Technology and in the famous Huntington Library, expecting to settle down here for the rest of my life. Wishing yourself and BIRD NOTES all success, I remain,

Sincerely yours,

CW:DB

Telephone: Victoria 2412.

March 22nd, 1932

Dear Miss Bates,

I am so sorry that the "Bird Notes & News" did not reach Dr Casey Wood. Copies were posted, I am told, to the Publishers and also to a special address left with us as one that would find him.

How disappointing not to have seen him while he was in England, but no doubt he was overwhelmed with work.

Yours faithfully

Lilian Gardiner

Secretary R.S.P.B.

I was under the impresion that he was a member of this Society and that we had some permanent address for him.

Miss Lilian M. Bates

March 31st, 1932

Dear Miss Bates,

It was kind of you to write and I am very much obliged for Dr Casey Wood's permanent address. "Bird Notes and News" shall be sent to him regularly at Passadena. He may occasionally, I hope, find something of interest in it.

A good number of copies go to the U.S.A.

Yours sincerely

Linda Gardiner

Sept.8, 1922

Dear Dr Wood,

Thank you so much for letting me have a copy of that wonderful letter -- surely a record in letters! I dare not begin to read it here, or there would be no more work done today. I dipped in, but had resolutely to fold it up and put it out of reach.

I am very glad you have that little first Report of the Society. It is a relief to my mind and conscience after letting Mr Pearson have the copy intended for you. The Reports ~~for~~ ~~V~~ - xxii shall be sent to the McGill University. I will see what can be done about Vol.1 of "Bird Notes & News". I am afraid it is no.3, or at least some very early one, which is out of print.

You will have left England, it seems, before the next number is out, so that must be addressed to you at Montreal. I hope you will like Mr Hudson's portrait. It is not half good enough, none could be.

It was a real pleasure to have that interesting talk with you. I hope you will not be long before you pay us another visit.

Yours sincerely

Linda Gardiner
