It is only by chance one sees copies of that work on Rept. in the market. The most recent opportunity of securing it was through the Librarian of the Mus. Comp. Zool. Possibly he may have another copy.

Cordially yours

Ernest Ingersoll, Esqr.,

Dear Sir:

I think Messrs. Robt. Clarke & Co. of Cincinnati have the only copies of the work on N. Amer. Rept. and Batr. that are to be had at present. Will try State Printer once more but fear the book is no longer to be reached there. My copies have gone long ago, or would gladly furnish you.

Very Truly Yours
