Ridgway Collection

723 Walnut Street
Mt. Vernon, Indiana

July 24-22.

Dr. Robert Ridgway:

If you have any leaflets, or literature or suggestions concerning bird life & the coaxing of birds to live near one's home kindly let me have all such information.

Your name was handed me only yesterday as one who knows and loves birds. I too am interested in them hence seek for more information as to them and the bird feeding & housing. All information will be appreciated.

Very truly yours

Mrs. J. M. Hale.
