Casey A. Wood Collection

NORTHERN CLUB.
AUCKLAND, N.Z

3 April 1924

Miss Cora Raymond

I beg to thank you for the copy of Dr. Casey Wood's letter received here today.

I would be grateful to you if you could convey my appreciation to Dr. Wood, whose address I do not know, & say that I will read the letter with very great interest on my journey to New Caledonia, New Hebrides Santa Cruz & Solomon Islands on which I am now starting

Mr. Falla is furnishing me with a list of the birds to be observed.

Dr Wood will no doubt have heard from Mr Falla of our visit to the Poor Knights islands last Christmas when Mr Falla made a great discovery of a nesting colony of Bullers Shearwater.

We also noted large numbers of Bell birds & saddlebacks.

With renewed appreciation of your courtesy

Yours very truly

W. R. Hamer.
