Peerage

Sir,

Can you inform me as to what bird is known by the—
provincialism - local name of "bastard curlew"?
I enquire on behalf of my friend
Professor Dowden, Trin. Coll. Dub.
who writes for his friend Prof.
Lilledale of Indian hunting
fame. I enclose a post card

In reply, I shall be
much obliged if you will extend
your courtesy to me by saying
if you know of any bird called
locally or otherwise by this
name. I can only think of
the Whimbrel, Stone Curlew,
or Curlew Sandpiper.

Yours &c.

James Fairhurst

L. Llewellyn Lloyd-Howard.
