Robert W. Hegner
Assistant Professor of Zoology

Dear Dr. Wood,

I must to acknowledge the receipt of your monograph on the Fundus Oculi of Birds, and to express my thanks for it. While I have not had time yet to go over it thoroughly I have read parts of it and do not hesitate to pronounce it a very beautiful and strong piece of work. I think credit is due to you especially because you have had to do the work rather as an avocation than as part of your regular duties, as is the case with us who are teaching and doing research in universities and other institutions. I am sure you feel well repaid for your labors, since anyone might feel proud to have produced such a monograph. Thanking you again for the copy you sent to me, I am

Very sincerely yours

Robt W. Hegner
