Dear Sharpe,

would you kindly
send me a receipt for my
collections so that Mr Holland
can after my departure collect
the £ 80. due by same.

Also please let me have a
list of birds, nests, eggs or
other specimens the Museum
requires & the prices thereof
if you really want such.

I have invested in a
very good camera.

Yours sincerely

My dear Mr Sharpe,

I take the liberty
of writing to you as there
is no one else I am
acquainted with who can
give me correct information
about the birds out here.
I don't know if you have

any remembrance of me, but
the last ^{time} I saw you was
at the Natural History Museum
in your private room. Since
then I have come out here for
good I hope, and am making
collections of the various
species of birds of which I
have sent home to Washington
a small part ~~of it~~ consisting
of about 40 skins. I can
set no information as to many

of their names, the natives
not distinguishing more than
a very few common ones.

I should be exceedingly
obliged if you could let me
have the names of the best
lookers on the subject, if it
were not asking too much
I would ask you to be so
kind as to let my Father
at "Holmbygd."

"Winkelöden" know the
names of the lookers so that

they could be forwarded and
save me 4 months.

If I can be of any use to
you out here in the way of
birds etc, I shall be delighted

to do so, as I live out in
the "camp" and have ample
time for watching the habits
of the birds and collecting.

Hoping I do not take up too
much of your very valuable time

I remain

yours sincerely,

Arthur H. Holland.
