CARNEGIE MUSEUM,

(DEPARTMENT OF THE CARNEGIE INSTITUTE.)

W. J. HOLLAND, PH. D., LL. D., DIRECTOR.
(ADDRESS ALL CORRESPONDENCE TO THE DIRECTOR.)

PITTSBURGH, PENNSYLVANIA, U. S. A.

September 23, 1910.

Dr. Robert Ridgway,
United States National Museum, Washington, D. C.

My Dear Doctor Ridgway;-

I am sending you a copy of the last part of Volume VI of the Annals of the Carnegie Museum, containing Carriker's List of the Birds of Costa Rica. I would send you a reprint of the article were it not for the fact that in the reprints the map going with the article has been omitted, and as you told me you wished to see the article as soon as possible, I have resolved to send you this part of the volume without waiting to have the reprints with the maps inserted rebound. I edited and read the proofs of this article in the absence of the author. There are some errors which are noted in the Errata & Corrigenda prefixed to the bound volume, a copy of which will be accessible to you in the library of the Museum. When the reprints are put into shape I shall include those errata & corrigenda which relate to Carriker's article.

I am,

Yours very truly,

W. J. Holland

Director Carnegie Museum.
