August 14, 1917.

Dr. C. A. Wood,
University of Illinois Medical School,
72 Madison Street,
Chicago, Illinois.

Dear Dr. Wood:

On my return from my vacation I found on my table a copy of your magnificent work on the FUNDUS OCULI OF BIRDS. I shall go through this work with the greatest interest. I am especially gratified at receiving the fine copy of the work which you so generously sent. I shall take pleasure in making a partial, though I fear very inadequate return, in sending you some of my own contributions.

Very cordially yours,

S. J. Holmes
