My Dear Clift

I received your letter which is very satisfactory and I will thank you to send me six longish sorts of pattern 3 black armed, 3 white by Saty.' ~~Braids~~ Coach. They need not be more than 7 inches long which will make the parcel shorter — you need not take the trouble of writing by the parcel.

My Dear Clift

You left me with a fine days beard without a Razior, and as mine have never arrived, I should by this time had a beard of 13 Days, fully equal to that of Vanbuchell, had I not laid violent hands on one of Pitcairns, & now he is gone, on one of my Brothers who fortunately for my Chin is come here on a visit. for a few days during which period I am safe. You will be glad to hear that the last two days I have shaved Myself. Sir Joseph Banks is quite well

Yrs truly
