C. DAVIES SHERBORN
DONAVIT.

My dear Professor,

Only yesterday I reached Tübingen and found your beautiful photograph. How may I thank for that great joy you made me by this! Truly I am sorry I have not the same of myself to send you in this moment. I hope you are as well as I am. Will you kindly remember me to Mrs. Seeley and your daughter. After having been in Switzerland I stayed for some days at Munich, where Mr. Zittel died

wait for you. I am convinced you will come to visit Tübingen also and we shall be very glad to see you and so shall I do specially.
I should be very glad to have an answer for the questions I asked you some time ago.

With many thanks
I remain, dear Professor,
Yours very truly
F Huene
