Dear Sir:-

For a year I have been collecting the birds of this state and when the time arrives I intend to publish my work. Knowing that you are of the highest authority in Ornithology I write to know if you will be so kind as to furnish me as near as you can, a list of the publications relating to Wyoming birds. at present I have the following:- "Cones North West" Hayden's annual reports and one by Williston annoted by Grinell. You may be interested to know that I have a record of 260 species and the most of them in my collection.

Very truly,
Wilbur C. Knight
