Dear R. B. Sharpe

I feel greatly honoured at the New Hornbill being named after me. and I shall much value a figure of the same when it is as a memento of my Bornean residence as well as my most pleasant connection with you

Thanking in the Name of W. S. Gilbert believing me my dear Sir Edward Belcher

Dear Mr. Sharpe.

Many thanks for your letter forwarded on to me here. I should have written to you before, but have been exceptionally busy.

I shall be glad to accept the offer on behalf of the Museum viz £10.0.0 for the 24 birds, and my only regret is that, not being a rich man, I am unable to make them a present

If you would personally like to retain any of the remainder you are welcome to the choice of six as a very very small recognition of your kindness.

I shall be much happy to send you any Photo which at the present moment I have not by me.

With my kind regards

Believe me

Yours sincerely

Dear Mr. Sharpe.

Will you very kind send to above address the remaining Palawan birds you do not take for the Museum, together with a rough list of what you have retained. Don't however trouble to do this if you are very busy. If you have a spare box less cumbersome than the

one they are now in perhaps
you would not mind having
them. I am going down to
Thetford on Saturday.

Yours sincerely
Gerard Leen

P.S.

Have you a
good authority on old
potters.
China shows me in
determining the age & value
of some apparently very
ancient specimens from in-
-cision of Dates.

Dear Sir,

I ought long since to have acknowledged your kind offer made through Mrs Lempriere & Elhanan to name my Bornean collection of Birds But I have been prevented from doing so by illness. I have instructed Mr. E Gerard Junr., College Place, Camden Town, London,

to give you every facility for
naming the Birds which I have
already sent home, & I wish
that you may find amongst
them specimens which are new
to science. Case No 1. contains
Birds collected in Labuan & neigh:
:bouring Islands. No 2. Birds
collected up the Segaliud River
on E. Coast of Borneo & No 3.
Birds collected at Silam on
E. Coast.

Believe me,

yr faithfully,

E. L. Lempriere.

P.S. I have forgotten your Cruise
except as we discuss my letter
there. E.V.L.
