July. 10th 187

Dear Sir

My son now resident in North Borneo, has lately sent home a case of Bird Skins collected in that Country; & in his letter, he mentions, that a Relation of ours (Rich. Sempriere of Pelham) had written a few months back, a note from yourself, kindly informing her that you would be so good as to look over his Specimens

And give your valuable
Opinion as to their Variety
& Names - They are Collected
from three different parts,
& he is Still pursuing his
Search in the Islands distant,
& is as yet ignorant as to
Which any of those now
Sent are new - By your
Kindness, you will be
able to throw some Light
on his Work.

Yours Truly

Henry Humphreys

P.S. Kindly advise me.
When the Case is returned —
