IN YOUR REPLY REFER TO FILE.....

24th November, 1931

Dear Mousley,

I am greatly indebted to you for your letter of October 31st and for the beautiful copy of "An Introduction to the Literature of Vertebrate Zoology", by Dr. Casey A.Wood, which you have had so large a share in producing. The book was duly received and is much appreciated. I look forward to reading the introductory matter and making frequent use of the annotated catalogue. It is a book that will form a valuable addition to any zoological library, and both you and Dr. Wood are to be congratulated most heartily.

With best regards, I remain,

Sincerely yours,

Harrison F. Lewis

Chief Federal Migratory Bird
Officer Ontario & Quebec.

NATIONAL PARKS OF CANADA
OTTAWA

IN YOUR REPLY REFER TO FILE.....

May 28, 1931.

Dear Dr. Wood:

Your recent letter has been duly received through the kindness of Mr. Taverner. I appreciate very much indeed your kindness and generosity in setting aside for me a copy of your new work, "An Introduction to the Literature of Vertebrate Zoology". I know that it will be of great value to me. My most permanent address, and therefore the one most suitable for use in sending such a work is: c/o National Parks of Canada, Ottawa, Canada.

It gives me much pleasure to mail to you under separate cover, with my compliments, a copy of my pamphlet on the natural history of the Double-crested Cormorant, which I hope will reach you safely.

With best regards, I remain

Sincerely yours,

Harrison F. Lewis

Chief Federal Migratory Bird Officer Ontario & Quebec.

Dr. Casey Wood,
Park-Hotel,
Witznau,
Switzerland.
