ans. July 31. 22.

Dear Mademoiselle

I thank you for the letter of Dr. Casey Wood sent to Britsh Guiana on March 11th I left that colony on holiday on the 17th February.

I have heard that Dr. Casey Wood is in England, but since the early days of April have been an invalid and unable to go out or indeed see anyone save relatives, nurses, and doctors.

The letter I have read with great interest.

Yours very truly
Charles Major.
