Dear Mr. Mousley:-

I thank you very much for your kindness to ask Dr. Wood to send me a complimentary copy of "An Introduction to the Literature of Vertebrate Zoology". This is a most interesting and useful book which I am very glad indeed to have.

When I received the copy I remember that I was going to write a letter of acknowledgment in long-hand addressing same to the library of McGill University, but when I come to think of it I am not sure whether I really sent a letter. Could you by any means find out if the library of McGill University has received a letter of acknowledgment from me and kindly let me know.

Again thanking you, I beg to remain,

Yours very truly,

M. O. Malte

Chief Botanist National
Herbarium.
