Dear Mr. Ridgway,

Enclosed find postage for the printed matter and I thank you very much for your interest. The ladies enjoyed your letter and readings from "Bird Lore". I also wish to thank Mrs. Ridgway for her interest and wish you both continued success.

Very truly
Mrs. Florence Mallery.

Mr. Robert Ridgway,
Olney Ill.

Dear Mr. Ridgway:—

I am on the program for "What I know about Robert Ridgway" and I am asking you for help.— I have thought all winter that I would come to Olney and then perhaps I might talk to you about yourself and your experiences with birds but I think now I shall not be able to come. I know of course you never knew of me but I think

probably you knew my father, Allan Edmiston. Charlie and Frank are both my brothers. I know I am asking a great deal but if you can write me about your boyhood, your life work or anything you wish to say about birds, it will be very acceptable and highly appreciated.

Very truly,
Mrs. J. O. Marberry.
212 W. Plum Robinsondale,

P.S. Our club members are lovers of birds, and any incidents about any of your favorite birds - just anything at all will be very thankfully received.
