258 BERNARD, FRANCIS, M.D. A CATALOGUE OF THE LIBRARY OF THE LATE LEARNED DR. FRANCIS BERNARD, Fellow of the College of Physicians, and Physician to S. Bartholomew's Hospital . .. which will be sold by Auction at the Doctor's late Dwelling House in Little Britain: the Sale to begin on Tuesday, Octob. 4, 1698. (London, 1698). 8vo. 3 parts and Appendix in one vol. (8), 192, 151, 88, 19 pp. Old boards. £27.10.

The first substantial medical library to be sold by auction. The preface says: "As for the Books of his own Faculty, . . . it may be said, that it is infinitely the best and largest that ever yet appeared in these Islands . . . " The medical items (pp. 66-192 in part I) number up to about 4500. The collection was also famous for the sixteen Caxtons it contained. (See de Ricci, Engl. Coll. p. 32).

The catalogue is of great interest just now, since many of Dr. B.'s medical books were sold in February 1947 at Christies' with the famous "Trotter Library" books.

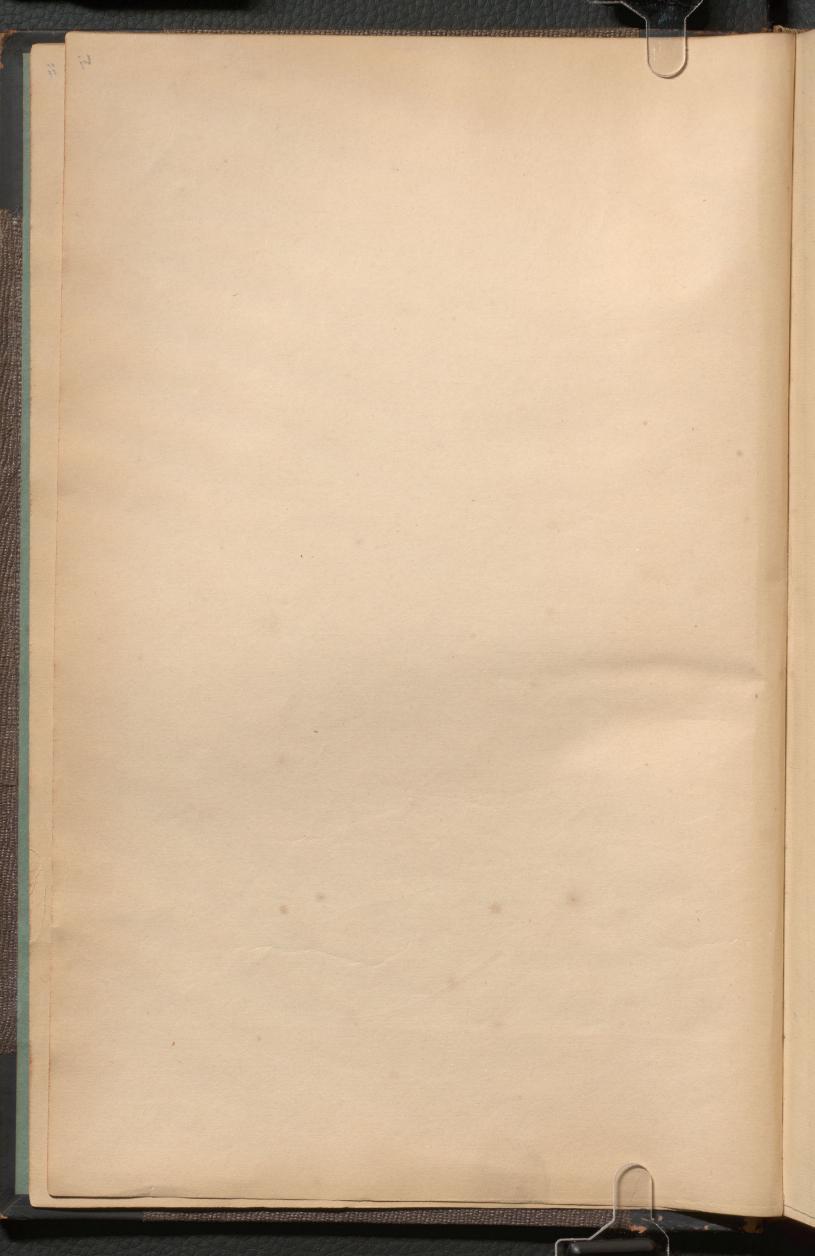

Very good uncut copy in contemporary boards of the rare and important catalogue.

See illustration opposite.

Juns 10 Fairlawn Court, Chiswick, W.4. 2.5.23 Dear Sir, The Pepys referred to cannot possibly be John the father of the Diarist - John was born 1607 14th January 1601 & died in 1680. It must, I think after going over my Such March pedigree, refer to Richard Pepys of Gt. St. Bartholomew's, Citizen & Upholder, whose will, dated 6 July 1677, was proved 23 May 1679. He was descended from the common ancestor William of Cottenham, through his son Thomas who married Clemence Thurlowe. This latter you will find in enar Wheatley's pedigree (Pepysiana p. 8) not so the others but if you have the Hon. W. C. Pepys "Genealogy of the Pepys family" you will find them in the first Norfolk branch. I return your letter with thanks for letting me see it. The coincidences of the Alinesses are interesting.
